

Elmont Union Free School District

CULTIVATING SCHOLARS AND GLOBAL CITIZENS

AL HARPER
Superintendent of Schools

To the Members of the Elmont Community,

At last night's Board of Education Meeting, (January 7, 2020), I announced my retirement from my position as Superintendent of the Elmont Union Free School District, effective June 30, 2020.

I submit this resignation with mixed feelings and emotions. I have truly enjoyed my tenure as Superintendent of Schools for the past 16 years and indeed my tenure as Assistant Principal and Principal of Elmont Memorial High School.

In each position I have found Elmont to be a truly wonderful community. Over the years I have not only admired but have grown to love this community. That is driven by, among other things, the people who live here and our dedicated staff. Together we have endeavored to deliver an excellent education to the children of the District.

I write this letter to inform you, to thank you very, very much for your generous support over these 28 years and to say goodbye.

I request that you continue to support the District and to give my successor the gracious help and support the community afforded me.

Thank you,

Al Harper
Superintendent of Schools
