Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$1,250 per enrollee, per spouse/domestic partner, and per all dependent children combined. The deductible only applies when you seek out-of-network services.	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use that are not provided at a network facility or by a participating provider. The deductible renews each January 1 st . See the chart starting on page 2 for how much you pay for covered services after you meet the deductible .
Are there services covered before you meet your deductible?	Yes. The deductible does not apply to care rendered at a network facility or by a participating provider, preventive care services as defined by the federal Patient Protection and Affordable Care Act (PPACA), hearing aids, prosthetic wigs, modified solid food products, second opinion for cancer diagnosis, external mastectomy prostheses, emergency services, emergency ambulance services, service under Managed Physical Medicine Program, or prescription drugs.	Most services rendered by a participating provider or at a network facility require only a copayment and do not count toward the Basic Medical Program deductible . The deductible only applies when you seek out-of-network services.
Are there other deductibles for specific services?	Yes. \$250 per enrollee, per spouse/domestic partner, and per all dependent children combined for non-network Managed Physical Medicine Program. There are no other specific deductibles .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	In-Network Max: Individual \$7,900 /Family \$15,800 . Coinsurance Max: \$3,750 per enrollee, per spouse/domestic partner, and per all dependent children combined.	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges and health care this plan does not cover do not count toward either out-of-pocket limit . In-Network Max excludes non-network expenses and ancillary charges. Coinsurance Max excludes facility copayments, penalties, and expenses incurred under the Prescription Drug Program, Managed Physical Medicine Program services or Home Care Advocacy Program (HCAP).	Even though you pay these expenses, they don't count toward the out-of-pocket limit .

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider ?	Yes. See www.cs.ny.gov/employee-benefits or call 1-877-7-NYSHIP and choose the appropriate program for a list of participating providers.	If you use an in-network doctor or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services. Plans use the terms in-network, preferred , or participating for providers in their network . See the chart starting below for how this plan pays different kinds of providers .
Do you need a referral to see a specialist ?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without permission from this plan.

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
